THE PADEL LEAGUE UK APP · PART 2

Divisions and *arranging matches.*

After entries close on 15 November 2026, we group teams by level into divisions of 6 to 9 pairs. Your division, your opponents and your fixture list appear in the app before round 1. **Each team plays every other team in its division once.**

Arranging your matches

1. **Check your fixture.** Each round, the app shows who you are playing and the week to play it in.
2. **Match captain suggests a slot.** The match captain taps Schedule match on the fixture and suggests a date and time. The other team accepts or suggests another.
3. **Book a court.** The match captain books a court at a venue that suits all four players, and everyone pays their share straight away.
4. **Play** and enter the result in the app.

MATCH CAPTAINS

Every pair names a team captain

For each fixture, the captain of the team listed first is the match captain. The match captain takes the lead in organising the match: suggesting a date and time, and booking the court.

THE SCHEDULING PROCESS

9 days before the gameweek: the match captain suggests a slot.
7 days before: the other team replies, accepting or suggesting an alternative.
Once agreed: the captain books the court and all players pay their share.

Golden rules of match scheduling

1. Be proactive. Do not wait for others to organise your match. Captains suggest a slot 9 days before the gameweek.

2. Do not leave people on read. A quick reply shows respect and keeps the match on track.

3. Be flexible. Offer options, suggest alternatives and find a time that works for everyone.

4. Communicate clearly. If you cannot make a suggested time, say so. Silence creates problems.

5. Aim to play every match. Playing is the only guaranteed way to earn points. Forfeits should be rare.

6. Forfeit decisions consider effort. If a match is not played, we look at who was proactive and who tried to get it arranged. Forfeits are at league admin discretion.

Scores, tables and *promotion.*

Submit your score

After your match, one player enters the set scores in the app. The standings update for your whole division, so everyone can see where they stand, and your padel level updates as you play.

How points work

Every match is 3 sets and every set won earns **2 points**, so always play the third set. An unfinished set earns 0 points. If you are running out of time, play a 10-point tie-break instead and record it as 7–6 to the winners.

SET 1	SET 2	SET 3
6–4	3–6	6–2
+2 pts	+0 pts	+2 pts

Your team 4 points · opponents 2 points. Standard padel scoring applies, with golden point at 40–40.

Top 2 go up

The top two teams in each division earn promotion next season.

Winners win prizes

Division winners take home padel prizes and recognition.

Bottom teams drop

The bottom teams move down to the division below.

LEAGUE RULES

The rules, *1 to 9.*

1. **Be proactive and accommodating.** Try to play your matches within the assigned gameweeks, and be accommodating of your opponents' availability where possible. All players should pay their share of the court hire immediately.

2. **Court bookings.** All court booking issues must be handled between players and the venue. Padel League UK cannot be held responsible for any no-shows. If you need to cancel and the booking player cannot get a refund for the court hire because it is last minute, please make sure the player who is not at fault is reimbursed. Padel League UK is not responsible for any loss resulting from match cancellations or any other aspect of playing in the league.

3. **Help and questions.** For any league issues or questions, tap the Player Support button in the Padel League UK app. The league is operated and owned by Padel League Network Ltd (Padel League UK).

4. **If you cannot reach a pair.** Reach out to both opponents using BOTH the match chat in the app and your division WhatsApp group. If you have not had a reply after 48 hours, try again. If you still hear nothing, tap Player Support in the app and the league administrators will encourage the opponents to engage.

5. **Unplayed matches.** If a match is not completed by the season deadline and neither team is clearly at fault, 0 points are awarded to both sides. If you feel the other side was at fault, tap Player Support in the app.

6. **Forfeits.** Forfeit points may be awarded only if: one side cancels a prearranged match (all 4 players confirmed the day and time); one side willingly forfeits; one side drops out or is a no-show; or one side does not respond by the scheduling deadlines even though the other side followed the process. Please still make every effort to rearrange. Forfeits are recorded by ticking the W.O. box for the pair who are forfeiting.

7. **Away periods.** If you have planned time away, contact your opponents early for the affected rounds and take the initiative to rearrange. It is better to play early than late. Results count as long as they are submitted before the season deadline; please also tell Player Support.

8. **Scheduling process.** The match captain taps Schedule match 9 days before the gameweek starts, the other pair replies by 7 days before, and the match captain then books the court. The best league experience is had by the players who organise their matches early.

9. **Player withdrawal.** If fewer than 50% of scheduled matches have been completed, all results involving the withdrawn player are recorded as forfeits. If more than 50% have been played, completed matches stand and only remaining fixtures are forfeits. The league administrators decide what is fairest for everyone.

LEAGUE RULES · CONTINUED

The rules, *10 to 18.*

10 **Refunds.** If your pair changes its mind, you can get a refund of your entry fee up to the sign-up deadline, 15 November 2026. Tap the Player Support button in the app to ask. After the deadline, no refunds are given, including for scheduling issues or dropouts.

11 **Minimum age and guardian oversight.** All players must be 16 or over. Players aged 16 or 17 must be accompanied by a responsible adult (parent or guardian) during matches and league events. All communication about fixtures, disputes or league administration must be handled by the parent or guardian on the player's behalf.

12 **WhatsApp groups.** Do not use the league WhatsApp groups for any commercial activity such as sharing adverts or promotions. To promote your business through the league, email sponsor@ukpadelleague.co.uk.

13 **Disagreements over results.** Come to an accurate and fair agreement and resolve it before the result is submitted in the app. If there are any issues with results, tap Player Support in the app.

14 **Injury or unable to finish.** A player who has an injury or cannot complete the league may tap Player Support to request a new partner. This is at the league administrator's discretion. One permanent partner swap is allowed per season. Temporary substitutions, for example for one match, are not permitted. The new partner must not already be playing in another team this season.

15 **Late arrivals.** If a pair is more than 10 minutes late, play the match in the time that is left. Settle the final set with a 10-point tie-break if it cannot be finished. Only if there is no time for a tie-break does the late pair forfeit the final set, recorded as 6–0 to the pair not at fault.

16 **Scoring.** Standard padel scoring applies, with golden point: at 40–40 the next point wins the game, and the receiving pair chooses which side to receive from. Matches are 3 sets and each set won awards 2 points. At 6–6 in a set, play a normal tie-break (first to 7, by 2 clear points). An incomplete set earns 0 points for both pairs. If time will not allow a set to be completed, play a 10-point tie-break (first to 10, by 2 clear points) and record it as 7–6 to the winning pair.

17 **Respect.** Show respect at all times for your opponents, the venue and the game. Refrain from time-wasting, disrespectful or abusive language, and over-the-top outbursts such as kicking balls away or smashing rackets. If there is a dispute about a call, play a let where possible. Complaints go through Player Support. Complaint 1: a verbal warning. Complaint 2: a written warning. Complaint 3: removal from the league with no refund. Padel League UK may refuse entry to any pair for these reasons.

18 **Match captains.** To help with scheduling, every division uses a match captain system. See page 4 for how it works.

Thank you for following these rules to make the league fun and competitive for everyone.
